Bike Race by Garmin Segments

New category within Andalucía Bike Race by Garmin to win prizes in each stage and in the overall classifications.

The Bike Race by Garmin Segments are born as a new classification within the competition to be able to win Garmin merchandising and an exclusive final jersey. Garmin together with Andalucía Bike Race by Garmin launches a new category within the competition called 'Bike Race by Garmin Segments' where each day there will be a winner (man & woman), being the one who has done the best time in the segment of each stage that will receive products from Garmin merchandise. On the last day, the overall winners of this new category will stand, who will get the exclusive leader's jersey of the Bike Race by Garmin Segments. Each stage will have a different segment going through mythical areas of Andalucía Bike Race by Garmin with possibilities for all cyclists.

To qualify for this classification, riders must comply these 3 simple requirements:

1. Being registered in Andalucía Bike Race by Garmin.
2. Being a follower of Andalucía Bike Race Strava Club: <https://www.strava.com/clubs/1025743>
3. Having an opened Strava profile or making public the activity on Strava, immediately after crossing the finish line and before 6 pm or before the podium ceremony for the last stage.

IMPORTANT!

- Classification available for all riders, competitive and no-competitive.
- Not able to compete for the final classification those riders whose due to mechanical breakdown or any other circumstance, don't finish any of Andalucía Bike Race stages.
- Not able to compete for those riders who during any of the segments or the route of their corresponding stages violate any point of the race regulations.

EQUIPMENT

- XCM World Champions and XCM National Champions must wear their respective XCM Champions Jersey at UCI MTB Marathon Series races, unless they coincide in overall lead.
- It is also recommended (but not mandatory) that the members of a team maintain uniformity in their clothing during all stages.
- For safety reasons, it is recommended to carry a mobile phone. Route signs, race numbers and participant bracelets have a telephone number printed on them, which should only be called in case of an emergency. It's not a customer service number!

TRACKS

- The organization may publish on its website the GPX track file the day before the stage, but it will be informative only. Arrows prevail.
- The trails on which the competition takes place are assigned only and exclusively for the days of the race, therefore it is not allowed to spread the route's GPS tracks.

CLAIMS

ON BOARD CAMERAS
